Subject: Group Project – Progress Update

Dear Sri ram,

I am writing to provide you with an update on our group project. So far, we have completed the research and data collection, and we have started working on the main report. Most of the assigned tasks have been completed, and the team is making good progress.

One challenge we faced was coordinating everyone's schedules, which caused a slight delay in combining the work. However, we have discussed the issue and divided the remaining tasks clearly among the team members.

We expect to complete the project by oct 5th. Please let us know if you would like us to make any changes to our current approach or focus on any particular area before we finalize the project.

Thank you for your guidance and support.

Best regards,

[G Navadeep] – 2620030508
[N Vijay] – 2620030270
[Dilip Choyal] - 2620090094
